

ROGER A. ABAY JR.

FULL-STACK DEVELOPER

abaygherjr07@gmail.com +63 956-642-2783 Pasacao, Camarines Sur, Philippines

Full-stack developer building web systems that replace manual, paper-and-spreadsheet processes — records and inventory, approval workflows, bookings, dashboards, reporting. Two years shipping production systems for government offices and private clients — building, deploying on infrastructure I set up, and supporting them after launch.

EXPERIENCE

Full-Stack Developer

2025 – PRESENT

DepEd Region V

- Designs, ships, and maintains the regional production systems end to end — learning-resource inventory and monitoring, and library circulation.
- Owns deployment, releases, and the Linux VPS infrastructure those systems run on.

Web Systems Developer

2024 – 2025

DepEd Central Office · National Learning Resource Platform

- Owned features within the platform team on a national learning-resource system serving educational institutions nationwide.
- Delivered web applications end to end: secure authentication, role management, workflow automation, and reporting.

Freelance Web Developer

ONGOING

Independent Engagements

- Engaged directly by client offices to build systems end to end — requirements, build, deployment, and support.
- Built EDULEAVE for the HR unit of DepEd Naga, replacing manual leave cards with an auditable digital workflow.
- Built Eurasian, a resort operations platform: reservations, guest records, management dashboards.

IT Support Intern — Work Immersion

2019 – 2020

Local Government Unit of Pasacao · Pasacao, Philippines

- Resolved hardware and software issues, and assisted the core IT team with network configuration.
